

LOADTEST, INC.:

PROJECT INFORMATION SHEET

Project Information:

Project Name: _____ Date: _____

Location: _____

Contact: _____

Company: _____

Address: _____

Telephone: _____ Fax: _____

Project Type: _____

Bid Date: _____ Construction Date: _____

Job Information:

Foundation Type: _____

Foundation Location: _____

Production or Dedicated Test Structure: _____

Geology: _____

Test Borings Available: _____

No. of Tests: _____ Cell Sizes: _____

Depth: _____ Diameter: _____

Ultimate Load: _____

End Bearing Pressure: _____ Shear Resistance: _____

Installation Dry/Wet, Type of Slurry: _____

Other Information:

INFORMATION REQUEST FORM

The engineers at **LOADTEST** are ready to assist you. We can help with the design, installation and testing components for a successful load testing program. We can also provide complete testing services including CSL, lateral testing and hole calipering. Please call anytime and we will quickly determine how we may best help you.

1-800-368-1138

If you would like additional information regarding **OSTERBERG CELL** technology and testing services, please visit us as at **www.loadtest.com** and fill out the info request form on the web site. Alternatively, you can fill out the information request form below and fax it to:

(352) 378-3934

Requested:

- Please add my name to mailing list
 - "Recent Advances in Load Testing Driven Piles and Drilled Shafts Using the Osterberg Method", by Dr. J.O. Osterberg
 - Sample O-Cell Testing Guide Specifications
 - Bibliography of Osterberg Cell References
 - Color Brochure - "Bi-Directional Osterberg Cell Load Testing"
 - Osterberg Load Test Case Histories
 - Summary of Select Completed Osterberg Cell Tests
 - Other _____
-
- We are currently planning/bidding a load test, please call
 - We are planning/specifying a load test in next 6 months
